# SANTA FE

Santa Fe takes its inspiration from the environmentally diverse New Mexican city after which it's named. The result is a colorful and varied line that is as plentiful in its splendor as the landscape that the American Southwest is famous for.

Full of movement, our Santa Fe collection comes in five colors, each of which take their name and inspiration from one of the defining characteristics of the Southwest. From the rich clay colored homes, to its dazzling streams, Santa Fe is available in the colors Adobe, Desert, Silver, River and Canyon in the 12" x 24" format. Its varieties of movement and color make it a complete collection for lovers of bold, nature-inspired design choices.
