CANELA

The time worn beauty of Canela, as its name implies, plays with the color of cinnamon. The palette of rich brown and sun-bleached natural planks provide this collection with two aged colors. Evoking history, romance, and tradition. The rustic charm of Canela perfectly marries old looks with new design. With inspiration taken from the planks found in old, abandoned, European spice mills, Canela can find purchase in the likes of a log cabin, or the sleek modernism of a high-rise.
