# Icon Index

Happy Floors is committed to providing products that are both sustainable and beautiful. We are a proud member of the U.S. Green Building Council, the leading program for green buildings and communities worldwide.

We provide our customers as many products as possible that are sympathetic to the planet. Our Eco-Friendly products are produced with an average recycled content of 30%.

We are dedicated to using recycled content in as many of our products as we can, without sacrificing beauty or innovation. This symbol lets our customers know just how much of a collection contains recycled material.

Water resistant mosaics are suitable for the damp environments. That makes these mosaics with this marker ideal for such rooms as bathrooms, kitchens, and pool houses.

Italian design is known worldwide to be of high quality and to be visually appealing. That's why it's the cornerstone of the Happy Floors catalog of products. Majority of the collections we offer are made and designed in Italy. We're proud to bring Italian design to our customers.

Fire-retardant mosaics are hardwearing making them suitable for active environments that require hardwearing materials. Mosaics with this indicator can stand up to the heat of flames with limited damage.

Happy Floors collections designed and manufactured in Spain are filled with the country's romance and charm. That's why we're proud to offer Spanish tiles to our customers.

Mosaics noted with this icon are appropriate for pool installation, making them ideal for adding statement borders and features to them.

Portugal is notable for being both one of the oldest European countries as well as one of its fastest innovators. This combination leads to collections that are both storied and inventive, the ideal package for Happy Floors products.

Happy Floors mosaics noted with this icon are not appropriate for use in pool installations.

V1

Shade variation notes the differences in how light or dark a product will be within the same production run.  
  
Uniform appearance or V1 means the differences in shade from the same production run are minimal.

Mosaics noted with this icon are appropriate and ideal for floor installations.

V2

Slight variation or V2 means there is a distinguishable difference in pattern and/or texture, but with similar colors.

Mosaics noted with this icon are not appropriate for outdoor installations.

V3

Moderate variation or V3 means that while the colors on a single piece of tile will indicate what can be expected on other tiles, the amount of color on each piece may vary significantly. For example, "a little sliver of white" on one piece of tile may take center stage on the next piece.

Mosaics noted with this icon are appropriate for outdoor installations.

V4

Random variation or V4 is the final measure on the shade variation scale and notes that color differences from tile to tile are unpredictable. That means one tile may have totally different colors from the other, resulting in an eclectic final installation.

Mosaics noted with this icon are appropriate for shower installations.

**New Collections** 2023 is all about prioritizing our homes. Making changes to ensure that our spaces are as formally functional and beautifully designed as possible has been the collective, primary goal. This renovation renaissance gave us here at Happy Floors the courage to be bold and inventive in the designs we offer and aggressive in improving some of our most sought-after products.

# Concrete

Concrete look tile is a contemporary décor lover's dream. Known for its subtly textured surfaces, this category's strength and beauty are in its simplicity. From flat, freshly poured concrete to patterns that mirror a more rustic concrete look, the different collections have a quiet range of variety that softly set the tone throughout the spaces they are installed in. From subdued and sophisticated to expansive and bold, concrete-look tile from Happy Floors has something for everyone.

# Azuma

Subtle in its approach, the Azuma collection is a soft take on a concrete look porcelain tile. Quiet shifts in tone can be seen throughout each tile, creating designs that are industrial but less cold than other concrete looks. This discretely impressive collection is a nod to the simplicity of Japanese aesthetics.

# Iron

This collection pays homage to iron, a mineral that has been at the forefront of society's intellectual renaissance throughout the ages. Iron objects hand molded by craftsmen dating back as far as 3500 BC have been discovered. The Iron collection's authentic natural finish, offered in traditional tile sizes, is ideal for a contemporary aesthetic that hints at a historical past.

# Newton

Newton is our first concrete look collection that features a semi-polished finish. Concrete looks are no longer relegated to industrial penthouses. They have been brought back down to Earth with Newton. Its smooth surface, dual finish options, and four neutral colors make it the perfect tile to bring into the home for a touch of urban cool. Concrete just got more approachable with Newton.

# Fabric

Fabric look tile is one of the heroes of the modern era of hard surfaces. It offers the visual warmth and softness of a textile with the durability and cleanability of a porcelain. The digital thread that makes up these masterfully designed collections adds comfort to their textures that range from strong contrasts to faint and subtle details. Fabric look tile offers a range of surfaces and colors, from natural to bold. The possibilities for surprise are endless.

# Stone

Stone look tile finds its roots in one of the building blocks of human life. From the earliest cave paintings to one of the seven wonders of the world, stone has always been front and center in human fascination. With nearly 200 different types of stone, this look offers one of the widest range of designs within its own category. It dominates the Happy Floors collection types for this reason, with no two collections being the same. Each line is as unique as the natural stone from which it is designed.

## Glaciar

The flagship Glaciar collection is a dazzling white tile made of four textures. Solid is a flat tile, ideal for lovers of minimalism. Nude is an undulating wave pattern whose curves add an element of softness to the tile's hard surface. Mojave is a texture filled with a surprising and angular cracked pattern. The collection is rounded off by the Wave texture which has a natural, organic direction to its tightly undulating patterning.

## Glaciar 2.0

Add dimension to your space with Glaciar 2.0 from Happy Floors. These ceramic tiles are the perfect solution to refresh and lighten up any space. The already impressive Glaciar line has expanded to include three new bold patterns: Eden (the increasingly popular hexagon shape), Leaves (an elegant design that depicts abstracted leaves swaying in the wind), and Twin (an on trend, right on time chevron pattern). Think outside the box and be bold with Glaciar 2.0

The Vertex collection is a dazzling array of high gloss solid-look tiles that are available in black and white. Its two experimental textures: line and curve are 6" x 6" tiles that come together to make a variety of different patterns. The line texture is an undulating array of 3D angular lines while the curve texture forms the indentation of a quarter of a circle. Whether exciting and linear or soft and curved the Vertex collection is an exciting and experimental offering of wall tile.

# Maryland

A creation inspired by our own ceramic tile concretes, rising from the vibrations of the Mid-Atlantic urban tradition, Maryland exemplifies contemporary design. A concrete look with an array of color, touching on the natural coastal sands and warm greys of the urban landscape. These intentionally understated shades propel the philosophy of minimalism to the forefront of Maryland's design. This marked collection demonstrates a modern sophistication in any space.

# Sasso

Sasso rouses an insatiable wanderlust to the beholder. These four distinct colors drive a desire to visit mountains, forests, and explore nature. Each color taking its namesake from those freest of creatures: Sparrow and Dove embellish this stone look with a warm countenance, while Hawk and Raven provide a bold sensation. Together, this designated 'flock' makes for a varied and powerful collection.
